

The International Property Tax Institute (IPTI), in partnership with the Institute of Municipal Assessors (IMA), offers an e-Learning platform designed to provide a cost effective and content rich, online learning opportunity for continued education in the field of property assessment valuation and taxation.

BENEFITS

- Reduces training and travel costs by offering on-demand courses, available wherever, whenever, over a dedicated timeframe
- Easily accessible using a web-browser; no additional software required
- Flexible access to accommodate work commitments
- Offers a broad course selection which creates the perfect learning environment in the field of property assessment and taxation or for those wishing to refresh and improve their current knowledge of specific subject areas
- Each course divided into a series of easily digestible lessons, supplemented with rich graphics, practical examples and visual aids
- Each lesson features an online quiz to confirm the knowledge gained
- Individualized approach; students control the amount of time spent on any particular topic allowing additional time to digest more complex topics
- Provides continuing education benefits through credit hours specific to each course – **IMA and AIC CPD credits** available
